RETTERSPITZ FACIAL SKINCARE – FOR EVERY SKIN. FOR EVERY STAGE OF LIFE.

Nuremberg, April 2026 – Healing, caring and well-being: for more than 120 years, *Retterspitz* has stood for these values as one of Germany's oldest pharmacy brands. With its medical facial skincare range, the company's trusted skincare line now appears in a refreshed design and is complemented by a new product: the eye serum "*Retterspitz Augenserum*".

The *Retterspitz* facial skincare range has been developed for different skin types and combines proven formulations with the latest scientific insights. Carefully selected ingredients are used, wherever possible, in pharmacopoeia quality (Ph. Eur.). Skincare that not only sounds good, but feels good too.

PHARMACEUTICAL QUALITY STANDARDS AND IN-HOUSE DEVELOPMENT

From the initial idea to the finished product, everything at *Retterspitz* has been developed under one roof for almost 125 years. Management, product development, manufacturing and quality control work closely together to create formulations that combine traditional healing knowledge with modern science.

Whenever possible, carefully selected ingredients are used in pharmacopoeia quality (Ph. Eur.). This means, among other things, tested purity, clearly defined standards and exceptionally high ingredient quality. Manufacturing takes place in the company's own cleanroom production facilities in accordance with Good Manufacturing Practice (GMP) guidelines. The result is reliable products that meet the highest quality standards while leaving the skin feeling noticeably cared for.

A TRUSTED RANGE, REIMAGINED: THE RETTERSPLITZ FACIAL SKINCARE COLLECTION

The *Retterspitz* facial skincare range has been developed to care specifically for normal to sensitive skin and to support it through every stage of life. Carefully coordinated cleansing and skincare products allow for personalised routines that help keep the skin balanced.
