Retterspitz GmbH & Co. KG is a family company that produces and sells natural remedies, medical products, personal care products and medical skincare products for the body and face. All products are marketed under the name *Retterspitz* and divided into the categories “remedies”, “wraps”, “care”, “medical cosmetics”, “wellbeing” and “fragrances”. *Retterspitz*, one of the oldest pharmacy brands in Germany, has developed from traditional household remedies to reliable contemporary remedies for everyday life – all combining traditional healing with the latest scientific research. The effectiveness and tolerability of natural ingredients and tried-and-tested additives is always the number one priority. The company is headquartered in Behringersdorf, near Nuremberg. *Retterspitz GmbH & Co. KG* is a family business now run by the fourth generation: Markus Valet, Head of Administration, and Florian Valet, Head of Development. Today, more than 80 people – including regular freelancers – work for the company. Sound values are at the core of what they do and say both internally and externally. “Cult status is achieved through passion,” say both owners, very much in the spirit of the much-quoted phrase: “Tradition means preserving the embers, not the ashes.”
