NOW NEW: RETTERSPLITZ SENSITIVCREME – FOR SKIN THAT NEEDS MORE

Nuremberg, September 2025 – Healing, caring and feeling good: *Retterspitz* has stood for this for over 120 years as one of Germany's oldest pharmacy brands. Now, the family-run traditional company is expanding its product range with the new cream for sensitive skin "*Retterspitz Sensitivcreme*": a carefully developed care product for sensitive, extremely dry and eczema-prone skin. The perfume-free water-in-oil emulsion demonstrably increases skin hydration and provides long-lasting protection against dehydration – ideal for skin that easily becomes unbalanced.

VALUABLE INGREDIENTS IN PHARMACOPOEIA QUALITY

Retterspitz Sensitivcreme combines intensive moisture with reliable protection thanks to many valuable ingredients in pharmacopoeia quality (PP). Water and urea (PP) increase the skin's moisture content and relieve itching. Jojoba oil (PP) forms a natural film on the skin and prevents dehydration. Thyme extract soothes, strengthens the barrier function and supports elasticity. Vitamin B12 (PP) inhibits inflammation, promotes cell regeneration and gives the cream its characteristic pink color.

GENTLE CARE FOR SENSITIVE SKIN

Retterspitz Sensitivcreme is dermatologically tested, very well tolerated and also suitable for sensitive children's skin. It is recommended for the daily care of face and body – also as a supportive therapy for atopic dermatitis (neurodermatitis) and psoriasis.
